Gender wise details of total students in the Mahavidyalaya

Year	Male	Female	Total
2018	69	205	274
2019	44	179	223
2020	43	125	168
2021	29	125	154
2022	23	111	134

The table showing year wise gender breakdown of male and female strength of students and total number of admissions in colleges shows that every year there are more female students than male students in the Mahavidyalaya.

From the above analysis it is found that the college has some weaknesses which can be overcome by gradual changes I suspect enrollment of girls from all sections of the society is increasing and there are no gender issues or complaints.
