### 7.1.4 Introduction

Institutional efforts and initiatives to provide an inclusive environment for cultural, regional, linguistic, communal, socioeconomic and other diversity

We believe in unity in diversity that's why our students respect different religions language and culture We consider college as our second home and all faculties are like family members We greet each other on different festivals and continuously to introduce them to our culture and maintain religious social and communal harmony.

Similarly, our students also celebrate various festivals with joy and enthusiasm which help them inculcate social and religious harmony India's diversity is unique India is a large country with a large population India presents an infinite variety of physical features and cultural patterns It is a land of many languages It is only in India that the people of the world All major religions follow to represent our Indian culture We organize a traditional dress competition and fashion show on the eve of our college's annual conclave In the annual conclave students wear different costumes representing various states' religions and cultures Through this activity students get to know the diverse culture of our country. And helps develop tolerance and harmony towards cultural regional linguistic communal socio economic and other diversity thereby creating an inclusive environment in the college and society as well.

During the challenging time of covid-19 epidemic, Jijamata Mahavidyalaya introduced activities showing strong commitment to social welfare by organizing programs like COVID survey and mask making etc. These activities not only protected against the virus but also created a sense of responsibility and unity among students.
