### Policy document on waste management

Context: This Policy underlines our commitment with regard to sustainable waste management. It outlines a set of agreed aims and deliverables for all aspects of sustainability including recycling and waste management.

**The college adheres to the following principles of the waste management:**

- Prevent-avoid creating waste
- Reduce- Minimizing the amount of waste produced
- Reuse-repair, refurbish or relocate items
- Recycle-promote segregation of waste to increase the quantity of waste recycled

### **Solid Waste Management:**

- Dustbin system is employed for segregation of solid waste.
- Cleaning or emptying of dustbins is ensured at regular intervals daily.

**Biological waste management:** College Policy Document incinerators for the hygienic disposal of sanitary napkins.

### **E-waste management:**

- The College makes efforts to use electronic electrical goods to their maximum productive period before rejection

### **Hazardous chemicals and radioactive waste management:**

- Hazardous liquids released from the chemistry and Zoology laboratory are disposed of in a soak pit especially constructed for the safe disposal of such wastes.
- The students are motivated to adopt eco-friendly practices about waste management, sanitation, and cleanliness.
- The students are also encouraged and mobilized for green practices and waste management through field trips for Environmental Studies, which is a compulsory subject for undergraduate students.
